

 **Lucidα Science Communications**

## About LUCIDA

Lucida Science Communications specializes in high-quality editing and translation services for science, engineering, and medical professionals working in academia and industry.

Our team of highly experienced editors and translators cover all the major disciplines, communicating complex ideas in lucid and professional scientific English.

Because Lucida is owned and managed by scientists, we understand the importance of high-quality documents in your work.

Our rigorous quality control procedures ensure that final documents are of the highest standard.
